

Hospitality Waste management areas

Hygiene Solutions

Hygienic Wall and Ceiling Solutions

Main Issues in Hospitality Waste Areas:

Waste areas are notorious for being the least appealing areas in a building. They are regularly faced with the following issues:

- Odours from waste
- Odours remain in room even when waste is removed
- Dirty walls from waste being left leaning on walls
- Damaged walls from large waste items
- Continuous repainting needed due to hard to clean walls
- Moisture damage on ceilings and walls due to requirement for heavy cleaning
